PREMIUM QUALITY MARINATED VEGETABLES AND SAUCES

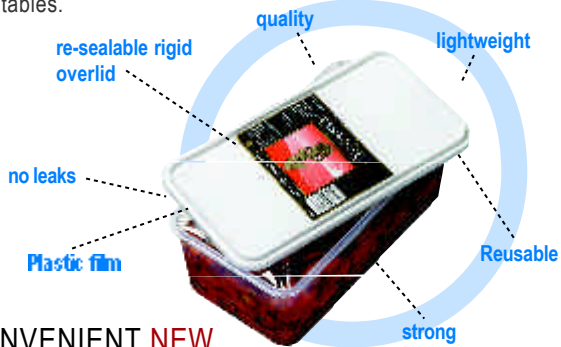

# Mediterranean Magnificence!

## marinated vegetables in oil

A tantalising selection of sun-dried, fire-roasted and char-grilled vegetables seasoned with fresh herbs and spices and marinated under a light crisp blend of canola and olive oil.

### VERSATILE

Add marinated, fire roasted and char grilled vegetables to salads, pasta, risotto, stir fries and casseroles for extra flavour, texture and colour. Put them in antipasto, foccacias, sandwiches and on pizzas. They're versatile enough in any recipe requiring fresh vegetables.

### CONVENIENT NEW

#### 1kg and 2kg CATERING RANGE

Utilising M.A.P (Modified Atmosphere Packaging) to give you extended shelf life and maximum quality, flavour, and convenience. Each tray has a gas flushed, vacuum-sealed plastic film lid and a resealable snap on lid for easy access and closure. The containers interstack to save space. A well received innovation for export.
