PREMIUM QUALITY MARINATED VEGETABLES AND SAUCES

We recognise the need for healthy, flavoursome and beautifully presented food.

The classic Bamboleo range is particularly rich and varied. They are widely known and find their way to every family table as well as being enjoyed on social occasions to give character to individual dishes or as an appetising hors d'oeuvre.

*pure poetic purees  
pestos & tapenades*

All our pestos are manufactured with the finest, freshest ingredients - this helps to develop their distinctive flavour, exquisite taste and mouth watering texture. No artificial colours, preservatives or fillers (like parsley, potato & vegetable gum).

Use Bamboleo pestos in savoury bread, risottos, pastas, hamburgers, mashed potatoes and salads, accompanying grilled and poached chicken, fish and cooked vegetables, as a marinade for beef, pork and lamb.
